## Service Interruption: OIA Website

The Office of IRB Administration (OIA) is updating its website currently housed at [irb.ucsd.edu](http://irb.ucsd.edu). As a result, this website will be sporadically unavailable between 5 pm on Friday May 27th, 2022 and 5 pm Tuesday May 31st, 2022.

During this time, users may not be able to access the eIRB system (legacy system); however, the Kualii IRB system will not be affected by this update.

Following the update, previous links users may have saved to IRB website content may no longer work. If you have bookmarked any pages or saved links, please double-check these links after 5 pm on Tuesday May 31st, 2022.

We will send another communication when the website updates have been completed.

Please note that this Service Interruption is **not** affecting:

- Kualii IRB system
- ServiceNow system
- email addresses of individual OIA team members
